Event

International Green Energy Expo & Conference 2027

# GREEN ENERGY EXPO

PV · ESS · Perovskite · Heat Pump · VPP · AI Energy · FC · WP

April 21<sup>st</sup> (Wed) ▶ 23<sup>rd</sup> (Fri), 2027 · **EXCO**

Hosted by **EXCO** Daegu Exhibition & Convention Center Ministry of Climate, Energy and Environment

Organized by Korea Renewable Energy Alliance **KOPIA** Korea Photovoltaic Industry Association

Korea New & Renewable Energy Association **KHIA** Korea Hydrogen Industry Association

Supported by Daegu Metropolitan City Gyeongbuk-do

Official Sponsors (2026)

# International GREEN ENERGY EXPO & Conference 2027

**Title** The 24<sup>th</sup> International Green Energy Expo & Conference  
**Date** April 21<sup>st</sup> (Wed) ~ 23<sup>rd</sup> (Fri), 2027 / 3 Days  
**Venue** **EXCO** East Wing Hall 4,5,6 & West Wing Hall 2  
**Hosted by** **EXCO** Daegu Exhibition & Convention Center Ministry of Climate, Energy and Environment  
**Organized by** Korea Renewable Energy Alliance Korea Photovoltaic Industry Association  
 Korea New & Renewable Energy Association Korea Hydrogen Industry Association  
**Supported by** Daegu Metropolitan City Gyeongsangbuk-do

## Official Sponsors (2026)

## Official Media partners

## Exhibition Fields

<b>PV</b>	<b>Cell, Module</b>	Single-crystal silicon cell, polycrystal silicon cell, thin-film silicon cell, spherical silicon cell, dye-sensitized cell, organic-film cell, translucent solar cell, CPV, BIPV, residential, industrial, etc.
	<b>Equipment</b>	Silicon production · test equipment, ingot production · test equipment, Wafer production · test equipment, Wafer cutting equipment, immersion equipment, drying equipment, lamination equipment, vision inspection equipment, screen print equipment, anodizing equipment, sputtering · CVD equipment, etching equipment, soldering equipment, plasma equipment, scribe equipment, laser cutting equipment, cell production vacuum equipment, cell plating equipment, equipment for other production and testing · evaluating · measuring · monitoring equipment, PV Inverter
	<b>Design and construction of peripherals systems</b>	Inverter, converter, rechargeable battery, storage battery, panel board, distributing boards, cable, connector power conditioner, control system, junction box, condenser, overvoltage protection device, power supply device remote monitoring device, solar power tracing system, particle counter, anti-static system, streetlight, daylight signal, design, installation, construction, planning, consulting, construction management maintenance, monitoring, agrivoltaics, etc.
<b>ESS</b>	<b>Energy storing technology</b>	Lithium battery, lead battery, redox flow, other battery systems, fuel cell, capacitor
	<b>Energy storing system equipment and parts</b>	Battery management system, battery testing system, safety management, cooling and temperature management, battery charging station
	<b>Energy storing system</b>	Residential ESS, industrial ESS, UPS, software
<b>Hydrogen</b>	Hydrogen Production Technology, Hydrogen Storage & Transportation Systems, Fuel Cell Core Components, Fuel Cell System Applications	
<b>Wind</b>	Onshore Wind Systems, Offshore Wind Systems, Parts and Equipment, Construction, Operation & Maintenance	
<b>Carbon Reduction</b>	Carbon Capture Technology (CC), Carbon Utilization Technology (CU), Carbon Storage Technology (S), Low-Carbon Materials & Manufacturing, Carbon Credit / Trading Solutions	
<b>Next-Gen Solar</b>	Perovskite, Virtual Power Plant, Heat Pump, AI Energy	

# Beyond Green Energy

To the future of new & renewable energy

The Top Exhibition in Korea in relation to renewable energy

## Benefits for Exhibitors, GREEN PROMOTION

### 01 Recruitment of buyers with strong purchase power through domestic and overseas promotion

#### Recruitment of domestic buyers

- Media coverage of exhibition participating companies through major economic newspapers, dailies, and specialized journals both online and offline
- Recruiting industry experts and buyers through close collaboration with domestic media partners and renewable energy-related organizations, associations, etc.

#### Recruitment of overseas buyers

- Inviting high-quality buyers through print and online advertising in overseas media partners such as PV Magazine, PV Tech, etc.
- Inviting renowned international speakers through the hosting of high-quality conferences such as Photovoltaic Market Insight (PVMI), Hydrogen Market Insight (H2MI), etc.

### 02 Support for overseas market development

#### 1:1 export consultation meetings between participating companies and overseas buyers, leading to tangible outcomes on-site

- Achieving tangible outcomes such as export contracts, distribution agreements, and customized order production contracts through effective execution tailored to the needs identified in the survey of participating companies

Matching participating companies & buyers on 1:1 basis

Participation from 25 countries 101 companies including Europe, Americas, Asia, and Africa

Offline consultations & Online consultation support

Partial support for accommodation and airfare for invited buyers of participating companies

### 03 Promotional support for participating companies

- Distributing pre-event press releases related to participating companies to provide effective promotional opportunities on a company-by-company basis (paid)
- Pre-event promotion of participating companies through newsletters, social media, university student reporters, blogs, and online communities
- Providing complimentary invitations to directly invite key customers and buyers of participating companies

### 04 Creating a platform for exchanging achievements and outcomes at the exhibition venue

#### New product & technology presentation to directly promote your brand

- Setting up a separate presentation hall within the exhibition venue

Opportunity to announce the release of new products & technologies effectively

Directly promoting your brand to potential customers

Providing equipment support

#### Sponsor Benefits

- Booth allocation in the Sponsor Zone, Provision of hotel accommodation
- Press releases to major media outlets, On & Offline promotion
- Banners inside & outside the exhibition hall, Waterspon, Website/SNS/Blog, Newsletter, etc.

# Special International Green Energy Expo, chosen by **Global Top-tier Players** in Renewable Energy

## 01 The largest photovoltaic B2B exhibition in Korea

- Asia's first, Korea's largest, World's Top 10 solar energy specialized exhibition
- Selected as the only World's Top 10 PV trade fair (by PHOTON INTERNATIONAL) in Korea

## 02 A representative event in which major global photovoltaic companies participate as official sponsors (2026)

6 of Global Top10 photovoltaic cell & module companies!

9 of Global Top10 photovoltaic inverter companies!

## 03 Simultaneously hosting of the largest-scale international conference in Korea, presentations, networking party, export consultation meeting, and more

- Future Energy Conference PV Market Insights H2 Market Insights
- The largest domestic conference with significant participation from major domestic and international solar and hydrogen-related companies, research institutes, and academia, etc.
- 1:1 business export consultation session for overseas buyers and participating companies from about 25 countries, along with new products & technologies presentation
- Job training for officials in charge of renewable energy promotion projects (by Korea Energy Agency)
- Hydrogen & Fuel Cell Forum
- Facilitating knowledge sharing sessions in the field of hydrogen and fuel cells for industry and academic professionals

## 04 The only exhibition in Korea, collaboratively organized by 4 associations in renewable energy

Korea Renewable Energy Alliance Korea Photovoltaic Industry Association

Korea New & Renewable Energy Association Korea Hydrogen Industry Association

## Global TOP companies in International Green Energy Expo

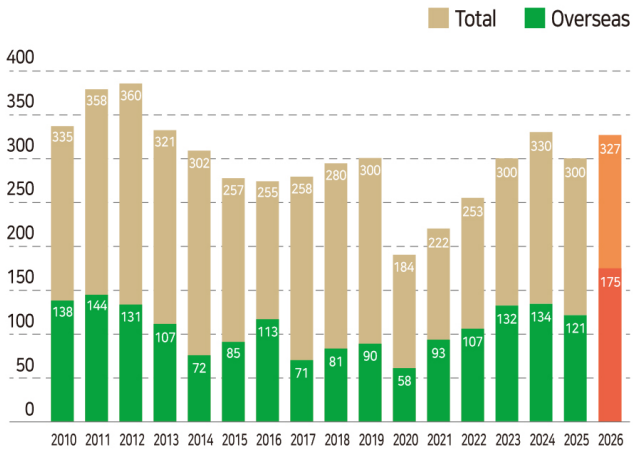

# Beyond Green Energy

To the future of new & renewable energy

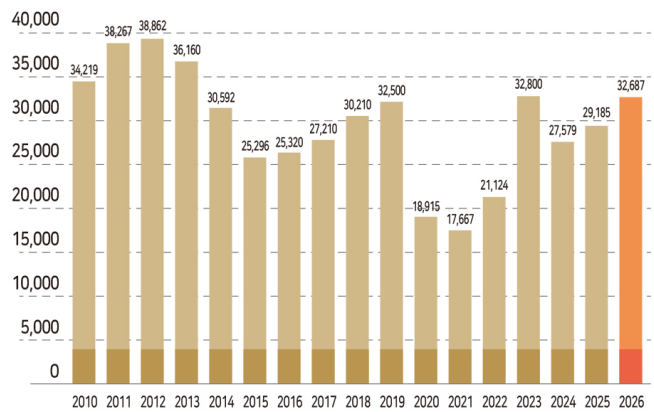

## International Green Energy Expo & Conference 2026 Review

Scale: 28 countries 327 companies 1,011 booths

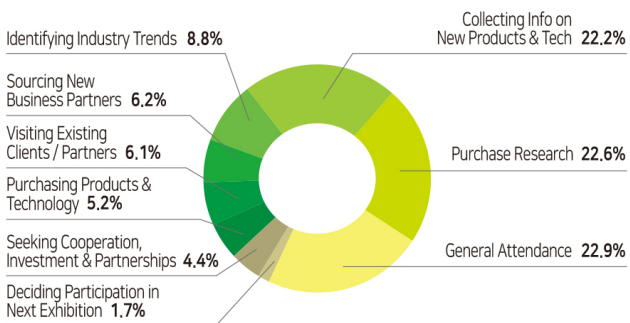

### Companies

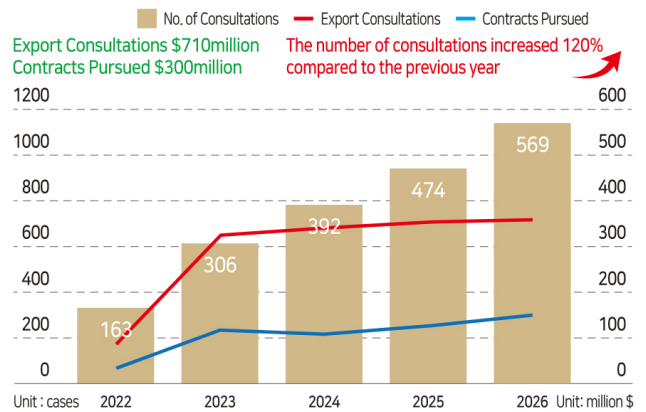

### Visitors

### Purpose of Visit

### 1:1 Business Meeting

### 2026 International Future Energy Conference

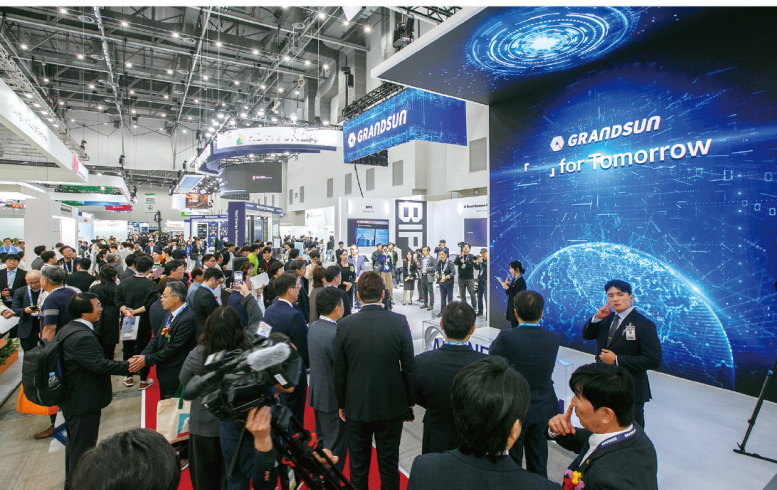

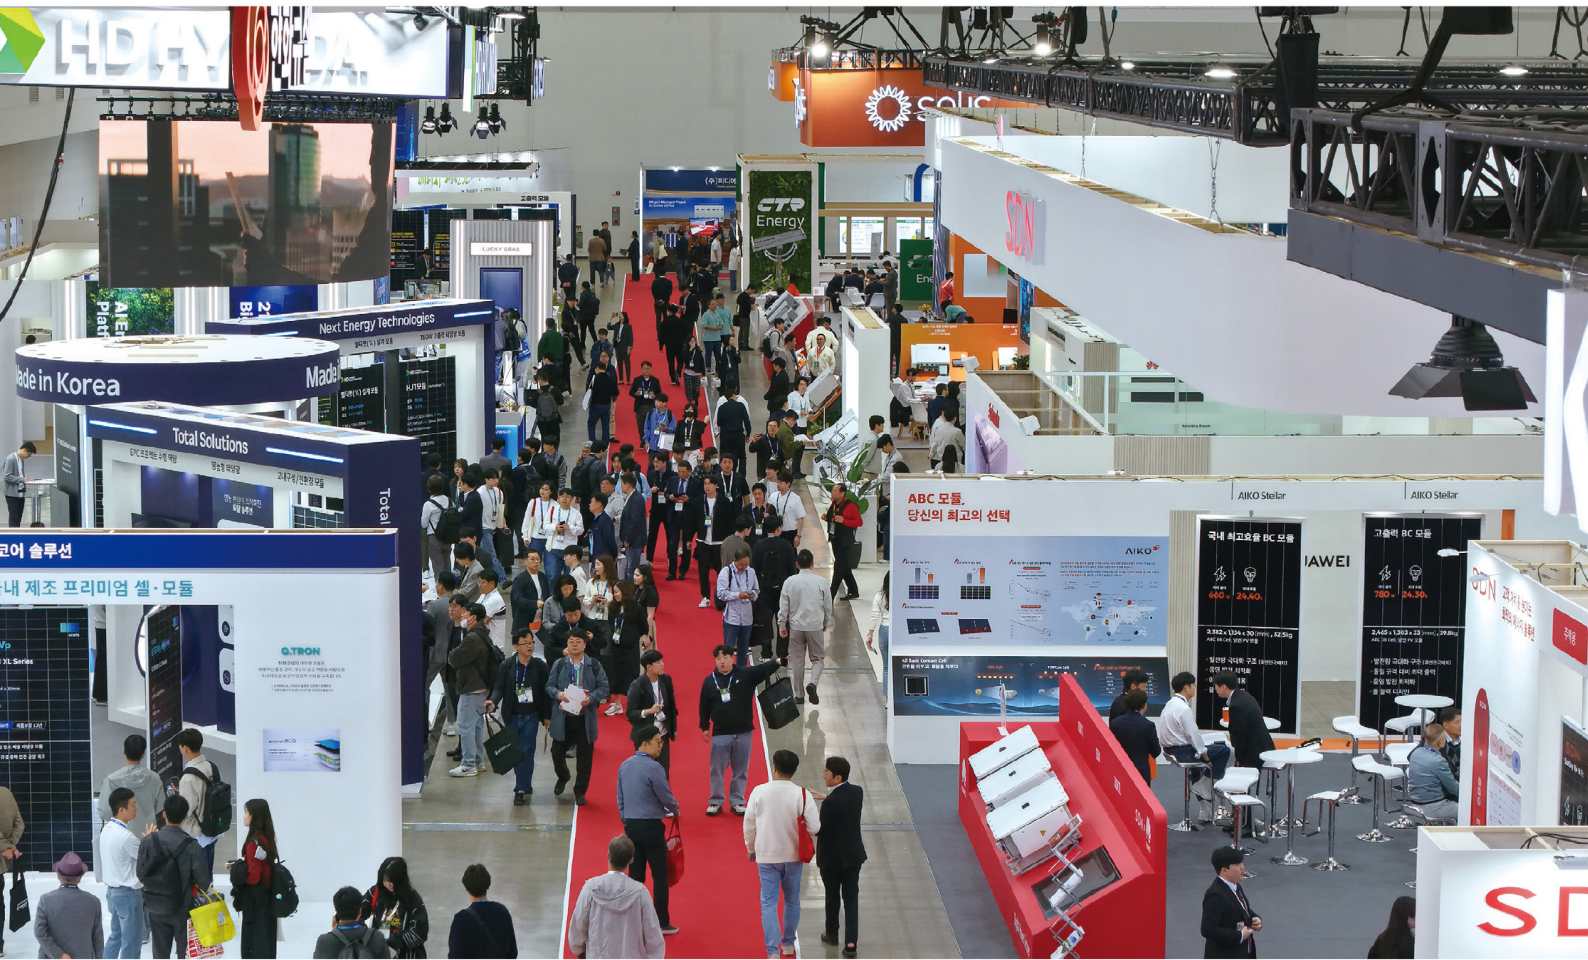

Part	Date	Event Title	Organizer
 PvMI PV Market Insights	4.22(Wed)~ 4.23(Thu)	<b>The Future of Solar Energy for Balanced National Development and Energy Welfare</b> - Global PV Market Trends and Outlook - PV Policy and Investment Trends - Agrivoltaics Policies and Laws - RE100 Implementation and ESG Integration Strategies - Agrivoltaics Installation and Distribution - BIPV & Global Floating Solar Market Trends	EXCO, Korea Photovoltaic Society
	4.24(Fri)	<b>Green Hydrogen: Opening the Future of the Energy Transition</b> - Green Hydrogen Supply Policy and Demonstration - Global Hydrogen Policies and Market Trends	EXCO, Korea Energy Society, H2KOREA, Korea Institute of Energy Technology

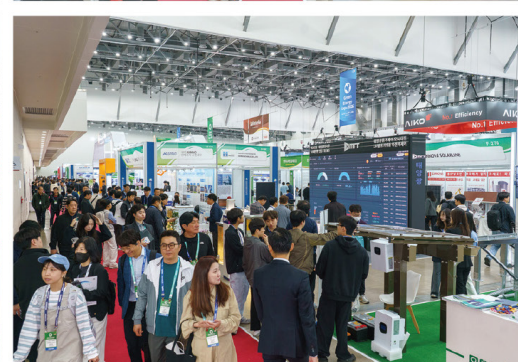

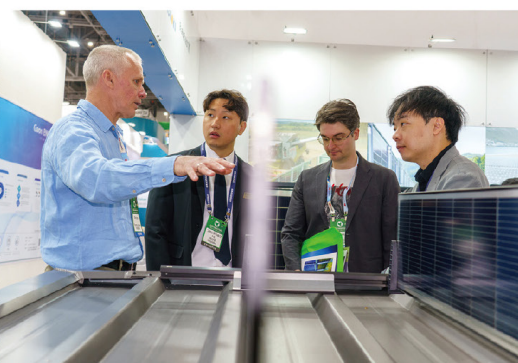

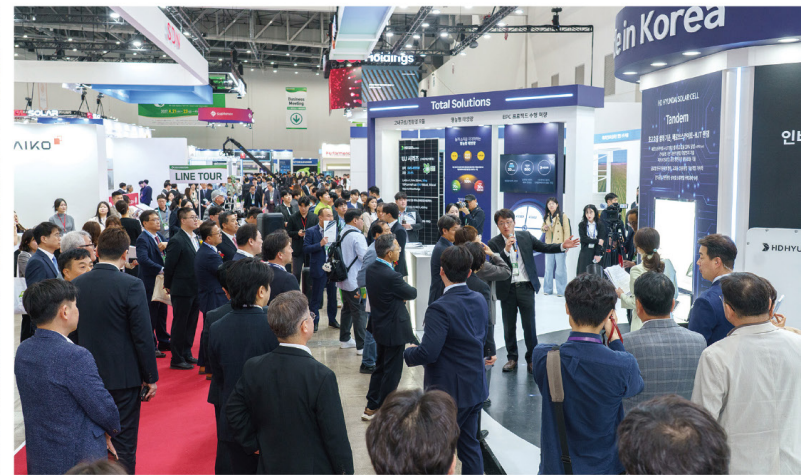

### Concurrent Events

Date	Event Title	Organizer
4.22(Wed)~4.24(Fri)	The Korean Solar Energy Society Annual Spring Meeting 2026	The Korean Solar Energy Society
4.23(Thu)	The 10 <sup>th</sup> International Hydrogen and Fuel Cell International Forum 2026	EXCO, KHNES, Kyungil Univ. (K-U City)
4.23(Thu)~4.24(Fri)	Seminar for Public Officials Responsible for Renewable Energy Deployment Projects	Korea Energy Agency

### Side Events

Date	Event Title	Organizer
4.22(Wed)	Opening Ceremony & K-REA Launch Ceremony	EXCO, Korea Renewable Energy Alliance
4.22(Wed)~4.23(Thu)	Innovation Program	EXCO
4.22(Wed)~4.23(Thu)	1:1 Business Meeting	EXCO
4.23(Thu)	KOFCA Procurement Business Meeting	Exco, Korea Commission for Corporate Partnership

# Application guide for Green Energy Expo 2026

## 1. Registration Deadline : 5<sup>th</sup> of Feb, 2027(Fri) (First-come, first-served basis)

- Reparticipation 5% off (attended in 2026) • 3 consecutive years of participation 10% off (attended in 2025, 2026)
- 4 consecutive years of participation 15% off (attended in 2024, 2025, 2026)

※ Applies only to booth space cost (excluding installation and optional costs)

※ No double discounts allowed

## 2. Participation fees

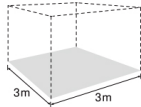

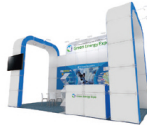

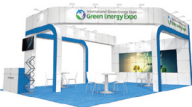

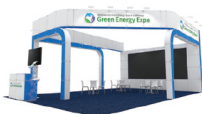

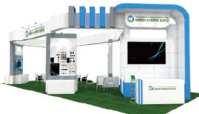

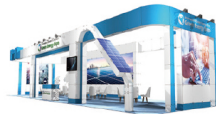

Category	Price	Size	
Raw Space	Space only	\$ 2,800	9m <sup>2</sup> (3m x 3m)
Booth Type	Basic Type	\$ 500	9m <sup>2</sup> (3m x 3m)
	Premium Type	\$ 900	9m <sup>2</sup> (3m x 3m)

Category	Price	Size	
Booth Type	Block Booth Type A	\$ 6,600 / 2 booths	18m <sup>2</sup> (6m x 3m)
	Block Booth Type B	\$ 11,000 / 4 booths	36m <sup>2</sup> (6m x 6m)
	Block Booth Type C	\$ 16,000 / 6 booths	54m <sup>2</sup> (9m x 6m)
	Block Booth Type D	\$ 17,000 / 6 booths	54m <sup>2</sup> (9m x 6m)
	Block Booth Type E	\$ 20,000 / 8 booths	72m <sup>2</sup> (12m x 6m)
	Block Booth Type F	\$ 21,000 / 9 booths	81m <sup>2</sup> (9m x 9m)
	Block Booth Type G	\$ 22,000 / 10 booths	90m <sup>2</sup> (15m x 6m)
	Block Booth Type H	\$ 24,000 / 12 booths	108m <sup>2</sup> (18m x 6m)

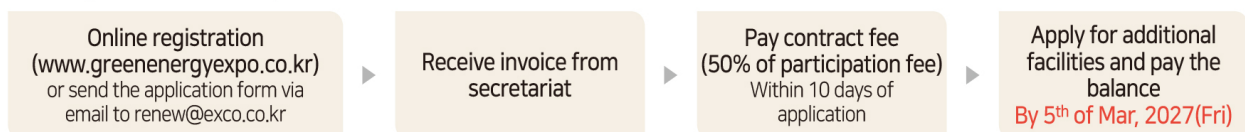

※ In need of changes of booth structure, please inquire the organizing office.

※ Can select booth allocation options: 3-side open booth - 200,000 KRW, 2-side open booth - 100,000 KRW (exclusive of VAT)

## 3. Booth details
