3.2 In case decreasing air pressure may cause machinery malfunction, Exhibitors are advised to equip protective device at Exhibitors' expense.

4. LAN(Incur additional charge)

4.1 Exhibitors should apply for LAN port to use Internet.

4.2 LAN will be supplied to the booth with its own IP per 1 port.

5. Customer management barcode system

5.1 'BAR-CODE SYSTEM' - visiting customer management by exhibitor

- We operate a computerized registration system that organizes the information of all visitors to this exhibition into a DB. In other words, information such as the visitor's company, name, department, position, address, telephone, fax, E-mail, field of business, occupation, field of interest and purpose of viewing, and customer consultation details for each participating company are computerized and provided as DATA.

5.2 How to use

- If you read the nametag of the booth visitor with the mobile laser hand-terminal, you can receive detailed information about the visitor approximately one week after the event ends.
- The existing CCD-type hand-terminal had difficulties in reading barcodes, but the laser-type hand-terminal, which is provided this year, can read barcodes from a long distance at once, so you can use it easily.
- Detailed visitor information can be downloaded as an Excel file.

F. General Terms & Regulations

1. Terms of Reference

A. In the rules and regulations for participation in INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024, the term 'Exhibitor' shall include all employees, independent contractors and agents of any individual company, partner company or organization who have applied for space for the purpose of exhibiting.

B. The term 'Exhibition' shall mean the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024.

C. The term 'Organizer' shall mean EXCO (Daegu Exhibition & Convention Center) which is authorized to organize the exhibition.

2. Application for Participation

A. All applications for participation shall be made on the prescribed application form, which shall be submitted to the organizer.

B. The contract shall be established when the exhibitor submits the application form duly signed and pays the organizer 50% of the space and/or shell stand costs. The organizer, however, may defer or refuse acceptance of application if sufficient spaces are not available or if organizer considers the announced exhibit is not germane to the exhibition.

3. Allocation of Exhibit Space

A. The organizer shall allocate the space in accordance with the order of application, size of the space applied for, the nature of the exhibits or in the manner the organizer deems fit.

B. The organizer shall reserve the right to change the location and/or the size of the space allocated to the exhibitor at any time prior to the commencement of the build-up of the exhibition, should exceptional circumstances demand, and the exhibitor shall have no claim for compensation as a result of changes.

4. Use of Exhibit Space

A. Exhibitors are bound to exhibit the announced products and to staff the stand with competent personnel during the whole period of the exhibition.

B. All exhibits must accord with the description on the application form, and be related to the theme of the exhibition. Public auctions and retail sales without permission of the organizer are strictly prohibited. If the exhibitor violates the above-mentioned rules, the organizer can stop the exhibitor's activity, remove his/her exhibits or order the dismantling of his/her booth. In this case, the participation fee shall not be refunded and the exhibitor shall have no claim for compensation.

C. The organizer reserves the right to refuse admittance to the exhibition to any person.

D. Exhibitors are not allowed to sublet space allotted to them to other parties, either wholly or in

part, without the written consent of the organizer.

E. Modifications including decorations such as painting the floor, ceiling and pillars will not be permitted, and the exhibitor shall compensate consequent damage to the exhibition hall to the organizer.

F. The exhibitor shall conduct and operate its exhibit so as not to annoy, endanger or interfere with the rights of other exhibitors and visitors. Any practice resulting in complaints may be prohibited by the organizer.

G. The organizer shall reserve the right to remove exhibits if a complaint of infringement of Intellectual Property Right is filed.

5. Terms of Payment

A. The exhibitor must pay the 50% deposit of the participation fee and/or relevant stand charges at the time of the application and the balance (50% of the total cost) shall be paid not later than **March,8, 2024**.

B. The participation fee shall be paid by the due date. Otherwise the organizer has the right to cancel the contract. And in case he does, the participation fee already paid will not be refunded.

6. Breach of Contract and Withdrawal by Exhibitor

A. In the event of abandonment or rejection of all allocated space, the organizer has the right to cancel the exhibitor's application. In this case, the participation fee already paid will not be refunded, unless abandonment or rejection of allocated space as a result of force majeure.

B. In the event of partial abandonment or rejection of the allocated space, the exhibitor shall forfeit the application fee already paid for the abandoned or rejected space, unless the act of withdrawal was a result of force majeure. And if the participation fee has not been paid fully, the exhibitor shall pay the remaining amount of the participation fee by the due date for all the space initially applied for.

7. Cancellation and Changes of The Exhibition

In the event of the cancellation of the exhibition by the organizer, the participation fee paid will be refunded. But if the cancellation was caused by force majeure, the fee will not be refunded. The organizer reserves the right to change the venue and duration of the exhibition if exceptional circumstances demand. In this case, the fee paid will not be refunded and the exhibitor shall have no claim for the compensation as a result of the changes. The balance of payment will be refunded when exhibitors notify their cancellation three months in advance of the exhibition. The deposit (50%) of the total payment will not be refunded.

8. Construction and Decoration of Stand and Display

All exhibitors must complete their construction and/or decoration, and move-in and display of exhibits by the date and time stipulated by the organizer.

9. Movement of Exhibits and Stand Fittings

Exhibitors shall remove all exhibits and stand fittings from the exhibition hall within the period stipulated by the organizer and indemnify the organizer against any cost incurred by reason of delay or damage to the exhibition hall.

10. Securities, Risk and Insurance

A. The organizer shall reserve right to limit any constructions or demonstrations that pose potential safety hazards.

B. The exhibitors shall be held responsible for any loss or theft of, or damage to exhibits, stand fittings or any article belonging to the exhibitor during the construction, exhibition and dismantling periods.

C. In the event that the exhibitor intentionally or negligently causes a fire, theft, breakage or other accidents inflicting damages to the organizer or others, the exhibitor shall be responsible for damages. Exhibitors shall be responsible for insuring goods exhibited.

11. Fire Regulations

A. Materials used in stand and display construction must be properly fireproofed in accordance

with the regulations of Korea.

B. The organizer has the right, should circumstances necessitate, making changes in the exhibitors stand for fire control.

12. Supplementary Clauses

A. Whenever necessary, the organizer shall have the right to issue supplementary regulations in addition to those in the rules and regulations for the participation in INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 to ensure the smooth management of the exhibition.

B. Any additional written regulation instructions shall form part of the rules and regulations for the participation in INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 and they shall be binding on the exhibitors.

C. The exhibitor shall also observe the regulations for the management of the exhibition halls of the EXCO.

13. Arbitration of Disputes

Any dispute, difference, or question which may arise at any time hereafter between the organizer and the exhibitor touching on the true construction of these terms and conditions for participation or the rights and liabilities of the parties hereto shall be finally settled by arbitration in accordance with the Commercial Arbitration Rules of the Korean Commercial Arbitration Board in Seoul, Korea. The award of the above arbitration shall be final and binding upon both parties.

G. Terms & Regulations for Booth

1. Requirements in Regulation

1.1. Authorized Space

Every display item must be arranged in the designated space, and must not hinder the sight or passage of visitors. Any structure that is placed on hallway and carpet in the same color as the pathway is banned. Every item and equipment should not be inflammable.

1.2. Layout

Any items that can be seen from the pathway or other exhibitor's booth should be installed upon exhibitor's payment. Decorative items, lighting fixtures and audio equipment should not disturb other exhibitors or their booths.

1.3. Submission of Booth Plan

Every exhibitor should submit the booth plan with an indication of height and building material to the hall manager of INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 Secretariat by April 5, 2024 in advance.

1.4. Structure

The limitation of height is depending on the booth location. The arrangement of display items or structures should not disturb other booths or hinder passage of visitors.

1.5. Arrangement of Exhibiting Items and Viewing

The displayed items should not create inconvenience to visitors and be kept at least 60cm away from the booth line. Unless exhibitors conform to this rule, the Secretariat may demand those items to be relocated or removed. This rule is designed to give an equal opportunity to every exhibitor in terms of space and sight.

1.5.1. Restriction of Sound

Exhibitors may use audio equipment for promotion provided that they keep the sound down to avoid disturbing other booths.

The secretariat office may intervene to restrict the use of audio equipment should there be any complaints made. Exhibitors are required to register any audio equipment, which they will use during the show. It must be less than 85 db sound level and if there is any equipment that makes a sound louder than 85 db, the secretariat of INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2023 may ask users to refrain from using it.

1.5.2. Safety

Exhibitors should take necessary safety measures prior to using dangerous equipment or parts during the show in order to prevent accidents and each exhibitor is responsible for the maintenance and safety of that equipment. (Including containers of hazardous material, x-ray generating machines, inflammable and explosive substance, high-voltage equipment, radioactive material, accelerators, liquid mercury)

1.6. Lights

Flash lights and revolving light equipment are banned from using. The individual lights from one booth should not disturb or damage other booths.

1.7. Package Materials (Leaflets and Brochures)

Every exhibitor is obliged to keep their pathway clean at all times. All materials and items should be placed on designated area and exhibitors need to be careful not to pile goods up in the middle of the pathway.

1.8. Changes To Booth Design

All exhibitors will be required to seek the approval from the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat for any changes to the booth design plan.

1.9. Property Damage

Each exhibitor should protect items on exhibit and are not allowed to drive nails and screws into the walls and floors. Furthermore, exhibitors are not allowed to use painting materials that are indelible in case of spilling on the floors, roofs and raw materials of the booth. Violators must compensate EXCO for damages.

1.10. Maintenance of Hazardous Materials

All dangerous items to be exhibited need to be reported to the organizers before bringing them into the event. Exhibitors are also required to take necessary safety measures to maintain the items.

1.11. Sub-Leasing

The exhibitors are not allowed to sell or sub-let the booth to anyone without an approval from the organizers. Parents companies, affiliates and subsidiaries are exceptions.

1.12. Cleaning

The INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat will keep the hallways and shared space clean before and after the show and the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat also take care of trash bins during the show. All wastes produced during the construction of the booth are to be removed by the exhibitors in charge.

1.13. Wiring

The work of wiring in booths and displayed items should be done in compliance with the relevant rules and regulations of Korea. (Articles 3) The same applies to the construction of display facilities.

2. Miscellaneous

2.1. To Avoid Predicaments

Each exhibitor should refrain from any activities that may cause troubles at the show and should try not to disturb other booths.

2.2. Practivities

Exhibitors must have an exclusive right given by INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat for marketing, holding conferences and handing out of any samples and gifts outside the designated area. That is, all demonstrations and promotional activities are only permitted in the designated area. This is to avoid any disorders caused by these activities. Exhibitors should therefore clear the aisles and the surrounding area.

2.3. Sales Promotion

The exhibitors may hand out samples and gifts only in the authorized booths. But those with exclusive right given by the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat will be able to hand them out at the areas other than the designated places.

2.4. Recruitment

If the exhibitors need to carry items, sign boards and brochures for recruitment purpose, allowed to INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat.

2.5. Odor

Anything emitting an unpleasant odor is prohibited.

2.6. Special Exhibition

Individual exhibitors are not allowed to display items without an approval from the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat before and after the show hours of the exhibition.

2.7. Show Hours

The INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat has the authority to set the opening hours and the days for booth installation and dismantling. Exhibitors are not allowed to dismantle booths before the show officially ends.

2.8. Occupier's Obligation

Under any circumstances, all exhibitors are required to pay the full rental fee of the entire space as accorded in the original Contract. In the event that an exhibitor fails to meet the deadline for displaying items, INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat obtains the right to use the booth for other purposes. Furthermore, exhibitors who fail to submit the lease to the INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat will lose their preferential rights to the booth.

2.9. Sales Regulation

Sale of items for cash during the exhibition will not be permitted. However, mail orders may be taken within the show period. The exhibitors should also be aware of the safety rules of the exhibits and public sanitation prior to the opening date. Unauthorized ads and sales are prohibited.

H. Event Regulations for Exhibitor

1. Objective

These regulations are designed to prevent events from getting overheated and to promote convenience for exhibitors and visitors. There are no restrictions for event programs and contents, as long as they are morally acceptable.

2. Space

Programs should take place within the assigned booths only and are not allowed in pathways or shared space.

3. Scope of Events

The format of the presentation is based on the visitors according to their item of interest, followed by a product explanation.

4. Application

Exhibitors should fill in forms related to events and submit them to INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat and receive a registration number. All equipment is to be reported, otherwise exhibitors will not be entitled to raise any complaints should it get rejected.

5. Restriction

Events should not disturb neighboring booths in principle.

A. Sound equipment will only be permitted if the sound is under 85 dbs, when tested 3 meters from the used area.

B. Video equipment: will only be allowed if they do not hinder exhibits of others.

6. Penalty for Violation

Any hindrance of the event or disturbance of other exhibitors will be penalized. Exhibitors should not submit compensation for any damages caused by INTERNATIONAL GREEN ENERGY EXPO & CONFERENCE 2024 secretariat's action in force to control the regulation. Since these regulations have been set to maintain the principles of operation and to promote an atmosphere for official business, they will be effective from the day of application to the closing day.
